### CRITERION I – CURRICULAR ASPECTS

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The curriculum is designed by the Punjabi University , Patiala and its effective implementation is observed by faculty members. All departmental heads hold meetings at the end of a session to design workload of the dept. for the coming session. The heads allocate classes to the department faculty so that teachers can prepare lessons well in advance. At the beginning of the session, the syllabus is divided into different units to be covered within stipulated time frame. Unitization of the syllabus is done well in time by the teachers so that the syllabus can be completed within prescribed session. Then the testing and evaluation is done through presentations, assignments and Mid-Semester Tests in a phased manner. Periodic tests are conducted for assessment of students' academic aspect. The time-table committee formulates time table for the coming session so that the curriculum can be effectively delivered. Class lectures are planned in advance by the teachers through effective time

management and the text books prescribed in the syllabus are used for primary reading and reference. For effective delivery of the curriculum, different modes of teaching like online mode through google meet, zoom app, whatsapp, audio-visual aids ,maps, models, PPT presentations, seminars, internet were put to effective use. To provide value based education to students and enhance the overall personality of the students, Educational trips like trips to Museums, Art galleries (fine arts) ,Field trips to industries, Radio stations (Functional English), competitions like Quiz ,Declamation ,Essay ,Slogan writing are made use of for effective student-teacher participation and students learn team work through these activities. Different exhibitions are organized by the departments of Fine arts ,Home science and Science departments to give practical exposure to the students and showcases their talent . Other departments like Psychology , Food and nutrition ,Physical education , Dance and Geography organize workshops and camps time to time . On special occasions, departments like History ,Sanskrit, Hindi, Political science and Economics deliver special lectures through seminars to give knowledge about current and important issues.

#### 1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>Feedback of students on curriculum is obtained in the class rooms and is conveyed to the faculty members concerned. Suggestions from students for better comprehension of topics prescribed are discussed at the departmental level and relevant changes in approach and method are then carried out. It was on the basis of students feedback that various trips were taken to different locations and the steps were taken to make available water coolers in the college. Installment of CCTV cameras at different locations in the college was also incorporated according to the feedback forms given by the students. Feedback of the students is inculcated in the form of suggestions and also the changes are taken care of. The different suggestions given by the students were incorporated in the form of opening of college canteen near the classrooms. For students convenience and according to their feedback, new washrooms were constructed near the PTA block. The changes like planting trees and plants on the college premises and installing sitting benches near the lawns was also provided to give students sitting space nearby, so that they could spend their free lectures time in the lap of nature. According to students feedback the various departments were provided with white boards like the department of</p>

Psychology, Geography, Computer science and many others. Notice boards were put up at various locations in the college to make notices available to students of every department. Installation of CCTV cameras at different locations in the college were also incorporated according to the feedback forms given by the students. Many other changes related to teaching methodologies and time table adjustments according to the timings of the conveyance of the students were done to make it easy for girls to reach home on time. Based on the feedback of the students, the teachers are advised to incorporate new teaching methods like smart-boards, field visits, museum trips to locations present within vicinity. Also some other changes and activities like Annual Function, Farewell of outgoing class, Sports meet, the welcome party of freshers and also the celebrations of different occasions including students from all the streams of M.A., M.Sc., B.Sc., B.A., B.C.A. were allowed as per the feedback received from the students. In the computer labs, the number of PCs were increased in the labs. The feedback is also obtained from stakeholders like parents, teachers, students, alumni every year. The feedback forms are designed according to the type of stakeholders. Like there is a separate feedback form for alumni which contains questions pertaining to the needs of pass out batches. The feedback form of Parents includes questions and suggestions pertaining to the needs of present students. The feedback mechanism has been very helpful in obtaining positive suggestions which makes the institution student friendly and helps in maintaining healthy relationship between administration, teachers and students which is very important for colleges growth.

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The college boasts of a dedicated team of staff members who always motivate students to perform well whether it is on the academic front or for certain other co-curricular activities. Apart from classroom teaching and a scheduled testing method, teachers serve as mentors to students. Mentoring is achieved through the college tutorial system. Each teacher is allotted fifty students at the start of the session. The students are acquainted with the general rules of the college, the need to make the campus a green and a clean space and other related things are discussed with students during the tutorial periods. Each student in the college, remains in touch with their mentor throughout the academic year. Apart from this, the college career counselling cell, NSS and NCC units, are other student mentoring systems by which the learning and capacity building of students is enhanced. Guidance given from time to time by the subject teachers to the students during their free hours, endures as well.

### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The Continuous internal evaluation of the students is done through a transparent manner. Students are tested on the basis of their classroom teaching in their internal tests which are mid semester tests. They are given oral and written assignments also. Apart from this, teachers evaluate students through quizzes, project files and other creative ways like giving them one word topics to write a story on, caption and slogan writing, summarizing a topic orally which is being covered in the class etc. In order to evaluate students for Internal assessment, the three points serve for reference here which are their marks in the MSTs, assignment/project and attendance in the class. Students are encouraged to attend classes on a regular basis, so that they may be evaluated judiciously.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college prepares the academic calendar before the commencement of an academic year. The calendar is based on the schedule given by the affiliating university issued before the start of a particular session. The college strictly follows all admission dates as well as the semester teaching period, specified in the university calendar. Schedule for college internal examinations is also prepared and therefore specified in the academic calendar. The date sheet for the same is prepared and circulated normally, a fortnight before the mid semester tests. Dates for other tasks like evaluation of the answer sheets and submission of results of the MSTs within a stipulated time period are also given out. Apart from this, the calendar also has a schedule for other co curricular activities like the talent hunt, youth festival, sports meet, annual day etc. The dates are tentatively given, with the consultation of the head of the institution.

The institution has a streamlined approach for the creation and enhancement of infrastructure. The department heads and heads of various committees apprise the Principal of their requirements in writing and purchases are done through the respective purchase committees. The construction, renovation and the purchase of expensive equipment are subject to the sanctions from government and the UGC. For practical subjects nominal fee is charged from the students and the fund thus collected is used to add more material and equipment for practical purposes. The college has 31 classrooms, 4 technology enabled learning spaces, 1 auditorium, 1 seminar hall, 28 labs and 1 botanical garden. In addition, there are 6 playgrounds, 1 gymnasium, an NSS and an NCC room each, Language Lab, Health and Yoga center. The college has a well-equipped library with a seating capacity of 150. It has got 3 computers, Internet connections and Infilbnet facility. The library is well stocked with text books, reference books, latest journals and magazines. New books and journals are added every year after consulting the departments and members of the advisory committee. The library also has a Photostat machine and a printer. The catalogue of books is in excel format and students and staff are duly assisted by the library

staff to search and locate books. The institution boasts of adequate and updated infrastructure. More computers have been added to the already existing labs. The computer department and the other departments of the college, administrative block are making use of 10 internet connections availed through NMEICT. The college is committed to keep pace with technology. The maintenance and the upkeep of the infrastructure is the top priority of the institution. Each department with practical subject has academic support staff that looks after the labs and equipment. Stock checking, calibration measures and updating from time to time ensure the proper maintenance of the sensitive equipment, material and property of the college. The college has three well-equipped computer labs with internet facility, which has been made available to the faculty and students on the campus only. In addition to this, internet facility is also available in the library. The departments of Fine Arts and Biotechnology have also been computerized with internet connection. The college has been successful in computerizing some departments. The institution plans to provide computer and internet. The institution facilitates extensive use of ICT resources by encouraging the use of computer aids in teaching, presentations and demonstrations. Projectors are being used in seminars, workshops and extension lectures. The college facilitates the transmission of Edusat lectures by providing and maintaining a room equipped with the device. In the ICT enabled classroom, the student has direct access to the knowledge available through computer and internet. The teacher, in this case, takes up the role of a facilitator by guiding the students as to what, how, how much and when to access and make use of the ICT facility available to them. The college avails of the National knowledge network connectivity directly. The college has acquired

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Students constitute a major stakeholder in the institutional growth. Utilization of the support and ideas of the students is the paramount requirement for the prosperity and well-being of the institute. • NSS: National Service Scheme (NSS) is beneficial to both students as well as the society in various different means. NSS helps the student to grow individually and also as a group. It makes the students confident, develop leadership skills, and gain knowledge about different people from different walks of life. Students also learn other skills that help them lead a better life in various situations. It helps them to develop among themselves a sense of social and civic responsibility. It helps to identify the needs and problems of the community and involve them in problem solving process. The 03 Units of NSS of our college had adopted the nearby Village KHEDI GUJRAAN, where our students go for a 07 days camp for an Awareness drive to prevent Hay fires. • Alumni Association: Alumni Association is in place to strengthen the relationship amongst alumni. The purpose of an association is to foster a spirit of loyalty and to promote the general welfare of your organization. Alumni associations exist to support

the parent organizations goals, and to strengthen the ties between alumni, the community, and the parent organization. Proud alumni often serve as powerful ambassadors for their institutions brand and speak glowingly of their college years. Alumni are nostalgic and love opportunities to return to campus. With smart technology, institutional leaders can create engaging experiences that will bring the campus to alumni. • NCC: The NCC aims at developing character, comradeship, discipline, a secular outlook, the spirit of adventure and ideals of selfless service amongst young citizens. The NCC provides exposure to the cadets in a wide range of activities, with a distinct emphasis on Social Services, Discipline and Adventure Training. • Buddy Groups: Buddy groups helps to be a support system to each other and to uplift the bond of friends in need whether it can be an emotional or mental support. It gives the quality of re-building of mental strength to face what may come in urgency. Hence, the college council supports them and guide them about the awareness of the dark side of Drugs, our youth is facing these days. We help them and guide them to think and be aware of the situations around you and then react with positivity and all senses keeping the moral values in mind. •

### 7.2 – Best Practices

#### 7.2.1 – Describe at least two institutional best practices

Best Practice -- I 1. Title of the Practice Psychological and Behavioral Counseling for College Students 2. Goal The primary goal is to facilitate and maintain mental health and positivity among the girl students. The college primarily caters to girls from the rural areas and under-privileged sections of the society. They have their own set of problems in the present times of great social change and lack the much-needed support system enjoyed by their urban counterparts. So it becomes imperative for the institution to look into issues other than academics and ensure their psychological wellbeing and growth. The Psychology Department of the college came up with the idea of holding a counseling session for the students from all streams. 3. The context The counseling session is open for students of all streams. It is especially beneficial for poor and marginalized students who suffer on many fronts and have no access to such a facility. Apart from the problems of growing up and anxiety over their careers or future, girl students also face many domestic problems and consequently suffer from many complexes. To make them aware and to help them overcome all of these, the college has adopted this regular practice of organizing a counseling session every year. 4. The Practice The counseling

session is organized by the students and teachers of the Psychology department of the college. The anxiety level, the personality type and locus of control of students is judged with the help of psychological tests (standardized).

Thereupon the students are administered psychotherapy through informal interaction and subsequent identification of their problems. Students so identified are also tracked later and follow up action taken. More than 50 of students and a few faculty members seek help. However it being a voluntary exercise, some students shy away and evade participation in the counseling session. This proves to be a limiting factor.

5. Evidence of success The department has been able to help thousands of students over the years by enabling them to vent out their feelings, overcome their anxieties and have a clearer insight into their personalities. They have also been guided about their aptitude. The evidence of success lies in the fact that the students appear more confident and sure of themselves by the end of their degree course. Also they perform better in academic and co-curricular activities.

6. Problems encountered and resources required The programme does not include any financial commitments. The staff and the students of the psychology department act as resource persons. In fact the students get a first-hand experience of counseling their fellow students. The only problem involved is the reluctance of some students to share.

Best Practice -- II

1. Title of the Practice Health Awareness Activities

2. Goal The college believes in holistic education for the girls which is not confined to mere literacy. As girls tomorrow will be playing a larger role of being mothers and nurturers, it was felt that there is a need to sensitize them and make them aware of the importance of good health, healthy practices and nutritious diet. This practice was undertaken to spread awareness among girl students about their health and general well being. Only when the woman in a household is well-nourished herself will she be able to look after the family.

3. The Context The college caters primarily to girl students from economically weaker sections and rural backgrounds. It was observed that very often they suffered from malnutrition and unhealthy eating habits and lacked awareness about personal hygiene. Keeping this in mind the Nutrition and Dietetics department has devised this plan to inform and spread awareness among the students. This plan consists of multifarious activities like lectures, health camps, distribution of informative pamphlets and demos of nutritional recipes.

4. The Practice Each year a health camp is organized in the college. This year on the occasion of International Women's Day a free medical check up camp was organized in collaboration with Bhai Kanhaiya Institute of Medical Studies and Aggarwal Sabha. In this camp the hemoglobin of the students is tested, their weight, height and BMI taken and the required supplements and corrective measures recommended. Lectures on issues related with female health are organized to educate students, so that they can help themselves and also other women in their family. Even the food-stalls put up yearly are based on the theme of 'more nutritious food at a lower cost'. Pamphlets related with nutrition and balanced diet are also distributed among students, teaching and non-teaching staff.

5. Evidence of success There is clear evidence to show that the awareness among girls vis-à-vis their health and day to day nutritional requirements increases during their stay in college. Girls show a marked improvement in their general well being and personality when they are ready to leave college. Besides the girl students, the staff members also stand to benefit from updates on health from time to time. Feedback is also collected from visitors to the food stalls and the encouraging remarks are clear evidence of the success of the venture. These inputs are also valuable in bringing about required changes, if any.

6. Problems encountered and resources required Girls have to be motivated to participate and take on responsibility for all the arrangements. For the food stalls, the infrastructure required is already available in the department. The expenditure incurred on setting up food stalls is recovered from the sale of food items. It works on the principle of 'no profit no loss'. The department arranges for sponsorship from private firms for

health camps on the campus. Materials for demos on proper cooking methods are arranged from funds for practicals.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The primary objective of the institution is to provide education to an optimum number of girl students resulting in their empowerment. There is a conscious, earnest and untiring endeavor on the part of the college to develop its students intellectually, morally, physically and aesthetically. In addition to this, the college is imparting higher education to the girl students drawn from weaker sections of society as well as remote and backward areas of the state and neighbouring states. The college is also doing a great deal to promote Punjabi language and culture. It is also involving its students in community welfare activities through NSS, Red Cross, NCC and Youth club thereby also inculcating a sense of discipline and dignity of labor in them, so that they eventually grow into responsible, useful, confident and mature members of society. By educating young minds, our end goal is to enable them to achieve economic independence and a decent social placement. Students who have financial constraints but otherwise have shown good results are given monetary assistance, so that they are not deprived of opportunities.

### 8.Future Plans of Actions for Next Academic Year

The Institute is determined to excel academically in the upcoming session. IQAC plans to uphold more Extension Lectures and Enrichment Programs for both students as well as teachers. First and foremost priority of the Institute would be increasing the number of admissions in the next academic session. Also, new staff will be recruited against the vacant posts so that the students do not suffer a loss of their studies. We intend to improve our feedback system too. Efforts will be made for the complete automation of the Library. The college administration also plans to add new courses which shall be career oriented and helpful for the girl students. Along with this, Platinum Jubilee celebrations will be held next year with great enthusiasm and fervour. We also plan to beautify the campus with a special focus on landscaping and paving the pathways.
