## Water Conservation Policy

Government College for Girls, Patiala is committed to an optimum use of water with zero waste policy, within its clean and green premises. The Water Conservation Policy outlines our effort to a judicious consumption of water, promote efficient water use practices, as well as it ensures the responsible stewardship of this vital resource.

The objectives of this policy are:

- To reduce overall water consumption across our organization.
- To promote awareness and education on water conservation.
- To implement water-efficient technologies and practices.
- To ensure compliance with relevant water conservation regulations and standards.

All employees are responsible for adhering to the guidelines outlined in this policy.

### **Water Use Assessment**

GCG, Patiala shall conduct regular assessments of water use to identify areas for improvement and implement water-saving measures.

Regular inspections will be conducted to identify and promptly repair leaks in plumbing and irrigation systems.

### **Water-Efficient Technologies and Practices**

Water-efficient appliances and fixtures will be installed and maintained in all facilities.

Landscaping practices will prioritize water conservation, including the use of drought-resistant plants and efficient irrigation systems.

### **Awareness and Education**

GCG, Patiala shall conduct regular awareness campaigns and training programs to educate employees on water conservation practices.

Educational materials will be provided to promote responsible water use both at work and at home.

### **Rainwater Harvesting**

Where feasible, rainwater harvesting system will be implemented to capture and utilize rainwater for non-potable purposes.

#### **Collaboration with Stakeholders**

GCG, Patiala will collaborate with local communities, water authorities, and other stakeholders to promote regional water conservation initiatives.

#### **Reporting and Communication**

Regular reports on water consumption and conservation efforts will be communicated to all stakeholders.

Feedback mechanisms will be established to encourage suggestions and improvements.

#### **Compliance with Regulations**

GCG, Patiala will comply with all applicable water conservation regulations and standards.

This policy will be reviewed periodically to ensure its relevance and effectiveness, with updates made as necessary.
